WELCOME TO THE Y

Throughout DeKalb County, countless people know the Y. But there's so much more to our Y than one might think. From exercise to education, from volleyball to volunteerism, from preschool to preventive health, the Y doesn't just strengthen our bodies. It strengthens our community.

The Y is so much more than a gym. It's a cause, dedicated to youth development, healthy living and social responsibility. For over 150 years, we've been proud to help our neighbors learn, grow and thrive. Yet we're called to do so much more. DeKalb County faces challenges that create a greater need than ever for the work we do every day. Fortunately, where some see obstacles, we see opportunities for our members, volunteers and staff to make a difference.

- Together, we will: Teach skills and values that help create a path to success for kids and teens.
- Inspire people of all ages to play, be active, and maintain a healthy lifestyle.
- Engage in work that fosters an inclusive, collaborative, proactive approach in addressing community needs.

But we need your philanthropic support to make it happen.

Every gift makes a difference. Everyone has a role to play. Together, we can achieve so much more. Give today. Contact Debbie Madeley, Development Director at 815.756.9577 or dmadeley@kishymca.org to join our cause!

Membership For All

We believe everyone deserves a Y, so the Kishwaukee Family YMCA offers financial assistance to individuals and families who might otherwise not be able to afford membership or program fees. Ask a staff member about financial assistance. It's easy to apply and the Y does everything it can to make the Y a place for all.

BEFORE & AFTERSCHOOL PROGRAMS

Nurturing the Potential of Every Child and Teen

YMCA Before and Afterschool Program

Afterschool at the Y engages kids in physically active, learning and imaginative activities that encourage exploration of who they are and what they can achieve. In addition to supplementing what they have learned in school, they participate in interactive learning that help build healthy habits, active lifestyles and continued learning. Students get assistance with their homework from trained Y staff, form long-lasting friendships that enhance their development and growth and learn skills that can build self confidence.

The YMCA has partnered with the DeKalb School District to offer before and after school care for youth in grades K - 5. A variety of activities are provided by the YMCA on site at the schools. By combining the strengths of our organizations, our youth benefit through a fun, well-rounded program that will keep them both mentally and physically healthy.

"When I first came to the Y I was experiencing thyroid and weight problems and dealing with a long term injury. I was up to 214 pounds at that time and in need of surgery for my back. Under the supervision of a physician I went to the Y to strengthen my core where I began working with [my personal trainer] at the Y. I began to realize how important that core strength is to my overall health and avoiding injury. I benefited a great deal from personal training and lost over forty pounds. **The Y was a vital part along with my physicians to being able to avoid surgery. And because of that, I am very grateful to the Y.**"
